The Corporate Suites are fitted with complimentary Wi-Fi and a host of other features which will appeal to “bleisure” travellers.

A reception table is strategically placed at the entrance foyer, providing an appropriate workspace for personal assistants. Soothing sounds are changed into inspiring pieces with the iPod docking station and the space is immediately transformed into a conducive environment, fit for business discussions.

Meetings are conducted comfortably at the 10-person discussion table with the convenience of the built-in projection screen and state-of-the-art Bose speaker. Participants are invited to indulge in delights from the complimentary mini-bar which comes with a thoughtful selection of beverages. For a dash of caffeine, pop the coffee capsules of varying roasts into the personal Nespresso Le Cube which is set up at the coffee break buffet area.

After work is done, step out to explore the mega malls in the Orchard area for a whole range of shopping and entertainment options.

Head back to the suite to end the day by having a quiet moment in the bathtub or taking a tranquilising rain shower. Drift into a gentle slumber while cuddling up to the warmth of the 320-thread count duvet.
